

Alternative Energy

Energy Sources Vocabulary Book

All the information is found on the [dossin.weebly website](http://dossin.weebly.com)/ Alt Energy tab/ 1. Intro to Energy

Have the students individually read the [Common Energy Sources Information Sheet](#)-

Fold a sheet of notebook paper in half. Divide one one side into ten equal parts to create 10 tabs. Label the tabs with the name of the energy source and write the descriptions and definitions underneath.
