

## CAD Commands Practice Worksheets

1. Download the CAD COMMANDS- STUDENT File.
2. Immediately perform a SAVE AS and rename the file CAD COMMANDS- WITH YOUR FIRST AND LAST NAME. Save this into your Drafting folder.

3. Complete the worksheets as the written in the directions.
4. Fill in the Title Blocks on both sheets.
5. Plot your two worksheets from Model Space to two individual 8.5x11 sheets. Be sure to select **Fit To Paper** for your Plot Scale.
6. Staple your pages together and turn them in to the In-Bin.
