

## Floor Plan Homework

On a 8.5" X 11" sketch out a floor plan of your bedroom. Include in the sketch any furniture that you have in your room. Measure your bedroom and all furniture in the room using a tape measure or if you don't have one use a scale. Include the dimensions in your sketch as shown in the example sketch below. Show the name of the room underlined in the center and label all objects. Title the Floor Plan and write your name and date.
