

## How to convert a CAD file to .jpg to upload to weebly portfolio.

1. Have your CAD drawing set up in Paper Space.

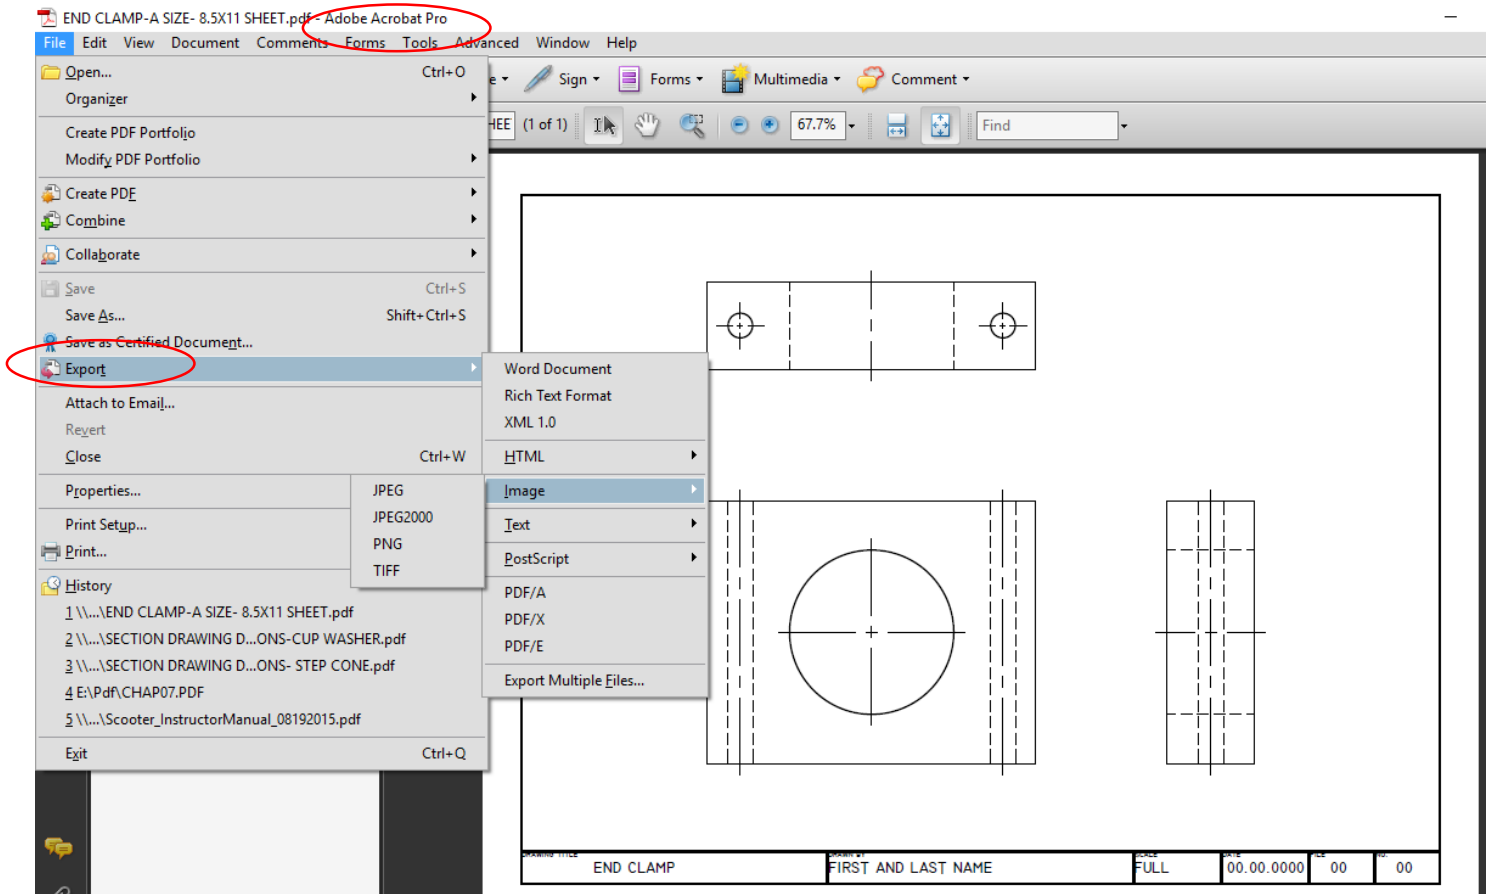

2. Go to Plot as you normally would. Select the **AutoCAD PDF** as your printer. **Window** your drawing as normal, and check the **Fit to Paper** option. Then click **OK**

3. It will ask you where you want to save your PDF file. Save it in your classroom folder.

#### 4. Open your file in Adobe Acrobat PRO.

5. Go to FILE, Export, Image, JPEG.
6. Save the jpeg to your classroom folder.
7. You can now upload that jpeg image to your portfolio.
