

Student:

The Mitchell Family Finished Basement Project

Did you meet the needs of the clients?		2pts each	Comments
1	Do you have a large entering space both formal & casual?		
2	Is your floor plan layout open?		
3	Did you design a well-planned, large kitchen with bar seating?		
4	Did you design a full bathroom?		
5	Did you allocate plenty of storage space		
6	Did you design a workroom that had space for a weight bench, treadmill, and elliptical?		

Did you meet the needs of the site?			
7	Take advantage of views		
8	Does the design work with the rest of the house?		
9	Did you use the existing shape of the basement to your advantage?		

Floor Plan/Board Layout/ Quality			
10	Is there a title?		
11	Is the floor plan drawn correctly, (wall thickness, door placement, work triangles, ect.)		
12	Did you properly design around items such as the sump pump, furnace, water heater, etc?		
13	Did you locate the bathroom at the existing plumbing preps?		
14	Is the floor plan rendered professionally?		
15	Are there room titles and necessary notes?		
16	Is the text and dimensions easy to read as well as the entire board itself?		
17	Are there overall dimensions?		
18	Is the overall finished basement square footage stated?		
19	Is furniture shown in the plan?		
20	Is there a comprehensive client description?		
21	Are there any misspelled words, or improper wording?		
22	Are all the items on the board laid out in a well-thought out manner?		
23	Was the board mounted neatly?		
24	Is your name on the board?		
25	Did you give a good verbal presentation?
