

## WHAT I KNOW AND WHAT I WANT TO KNOW ABOUT ALTERNATIVE ENERGY

THINK, PAIR, SHARE YOUR THOUGHTS

Using the set of index cards given to you, on the top of each card write down the name of an Alternative Energy topic to be covered this year. Below each topic write, "What I Know" and "What I question or want to know", leaving some space between the two.

Take some time and write what you know for each topic and what you want to know for each topic. After you are complete with that, you will get together with a person and share what you each wrote on your cards, writing down new information or questions you both come up with.

### *Topics To Be Covered*

Building Energy Audit (Home and  
School Energy Assessments)

Solar

Solar Hot Water

Wind

Geothermal

Biomass

Vehicle Alternative Energy

Micro-Hydro Power

Sustainable/ Green Building

Nuclear Power

Energy Policy
